

Town Council Appoints Standing Committees

This is the official record of the proceedings of Council of the Town of Wainwright at its statutory meeting held in the Council Chamber on Monday, the 1st day of March, 1948, commencing at 8:00 p.m.

Mayor Robinson called the meeting to order in due form, after which he called upon the Secretary to read the Report of the Returning Officer, setting forth the results of the election of Councilors at the election held on February 22nd. On the signature of the Returning Officer, this Report

stated that Councilor Stafford and Buckle had been elected to serve on the Town Council until the year 1951 and the Secretary advised the Mayor that these newly elected members had been duly sworn in.

The Mayor in a few well chosen words welcomed the new members of Council and reviewed in brief the work that he expected that would have to be undertaken by Council during 1948, stressing particularly the good policy of each Committee keeping within bounds of its appropriations as provided for in the Estimates that would be brought forward later in the year. Councilors present at this meeting were Mayor Robinson and Councilors Coleman, Tury, Buckle, Stafford, Wallace and Armstrong.

On motion of Councilor Coleman, that minutes of regular meeting held February 17th, be adopted as read. On motion of Councilor Armstrong that it be resolved that Council go into Committee of the Whole, for the purpose of striking the Standing Committees for the year 1948. The Mayor appointed Councilor Tury to act as Chairman.

On motion of Councilor Stafford, that Councilor Buckle be Chairman of Fire, Light and Utilities and act on other Committees in the same positions as formerly held by Councilor Cork, and that other members of Council retain positions held on various committees in similar capacities as in 1947.

On motion of Councilor Stafford, that Council and their deliberations as a Committee of the Whole and proceed with general business as per schedule.

On motion of Councilor Armstrong, that the Report of the Committee of the Whole, and the recommendations contained therein, be accepted by Council and that the Standing Committee thus constituted, carry continued on page 8

Canadian Legion Hold Smoker March 8th

Subzero temperatures and drifted roads kept many ex-servicemen by their fires Monday night, but the 84 Legion members that did turn out to the Hut enjoyed a thoroughly entertaining evening.

In the absence of the President the evening festivities were opened by Vice President, R. G. Morrison. Following the singing of O'Canada several interesting addresses were given by Legion executives, Mr. P. M. Armstrong reported that 97 percent of the ex-servicemen across Canada were fully re-established in civilian life and urged all veterans to join the Legion without delay.

Mr. C. Horn then turned the program over to Mr. Jimmy Grant of Edmonton who ably acted as Master of Ceremonies. After a singing-dance act presented by Mr. Grant, C. Horn gave an interesting talk, followed by a long list of musicians and story tellers including a violin solo by Dr. Watson, show stealing stories by Mr. Williams, C. Horn's recitation of "Diaphanous Bill Mackie" and many others.

Lunch was served during the course of the program and "God Save the King" officially closed the evening, though many members remained to enjoy the comradeship of their fellow members until well into the night.

The committee in charge of the party are to be commended on their splendid organization and these friendly gatherings will be looked forward to with gratifying anticipation.

Large Crowd Attends Sea Cadet Dance

On Friday, March 5th, the Royal Canadian Sea Cadet Corps "Exeter" staged their 10th annual dance in the Separate School Auditorium. There was a definite salty tang in the air, as the entire hall was decorated with strips of a ship's gear. Yes there was everything there from a compass, the ship's bell, to the old water log.

The music was supplied by the Wainwright Swingsters and several novelty dances were held. These were won by the following: Mr. and Mrs. Eddie Walker the waltz contest, Mr. and Mrs. Roland Wilkins the Old Time waltz, Miss Eleanor West and Jim MacIntyre the jitterbug, while Miss Eleanor West and Mr. Harvey Cook won a spot dance.

The dancing finally broke up with the Swingsters playing their version of Home Sweet Home and the King. We'll be looking for a bigger and better third annual next year.

Veterans Minister Commends Red Cross

The Minister of Veterans' Affairs, the Hon. Milton Gregg, V.C., today issued a statement in appreciation of the Canadian Red Cross services for veterans, as the Red Cross national campaign for \$5,000,000 approaches its third week.

"Through Red Cross lodges attached to R.V.A. hospitals, Red Cross has made available both to patients and friends, a service which does much to relieve the worries necessary attached to hospital care," said Mr. Gregg. "Their residence clubs for disabled war veterans; the comforts which they supply to veterans in hospitals; the library facilities and the instructions in Arts and Crafts are only a few of those things which have provided a desired morale factor to patients undergoing treatment."

Through Red Cross, regular showings of moving pictures are made available to patients in Departmental hospitals, and other entertainment is provided.

"This is a peace-time service to those who have served. As Minister of Veterans' Affairs I cannot speak too highly of the amenities which the Canadian Red Cross Society makes available to those of our ex-servicemen and ex-servicewomen for whom the war is not yet over."

Mr. Gregg was speaking in support of the current campaign.

March Meeting of United Church W.I.

The March meeting of Group 2 of the W.A. of the United Church was held at the Sunday School room on March 4th with 12 members present. Mrs. C. Gullenhouse presided. Mrs. Lyle was in charge of a short devotional. It was decided that an Easter tea would be held in Wainwright on March 7th. Arrangements were made for a tea of home cooking, "a white elephant" table and some fancy work. Mrs. W. J. Mitchell and Mrs. L. Mitchell served lunch. Mrs. C. Davis was appointed on the visiting committee for March.

Lloydminster Increases Output 400 Percent

The Lloydminster oil field was getting geared for a year of unprecedented activity. This week the Husky Oil and Refining Company of Calgary, Wyoming, announced that it would begin work at one of the extensions of its refinery at the edge of the field. Production at Lloydminster during the past year had increased more than 400 percent from 25,000 barrels a month in January 1947 to 118,000 barrels a month in January 1948. Imperial Oil announced an immediate six well program at Blackfoot at the north-west end of the field. The Continental Oil Company with a large interest at Dina, where a successful well had been drilled last year, was still putting on a 25 well program this spring and summer, officials told your reporter on Friday.

Francis Oile had an eight well program timed up in the Black Rock section of the field. A total of more than 100 wells were planned for 1948.

At the end of 1947, 24 producing wells were performing at Lloydminster, straddling the Alberta-Saskatchewan border. At the end of 1948, 122 wells were producing, and 80 more had casing set, and awaited only the arrival of production equipment. Production of 200,000 barrels a month was easily possible by the end of the year, Lloydminster was still ahead of Leduc, second only to Turner Valley among Canadian Oil Fields.

Also before the end of the year the asphalt plant was expected to be turning out asphalt for farmers' use. The asphalters were busy coating of fence posts and cisterns.

Rev. A. D. Richard Dies at 76 Years

Rev. Austin David Richard, 76, United Church minister in Alberta for more than 40 years, died Monday in an Edmonton hospital after an illness of about three years.

Born in Nova Scotia, Mr. Richard gained his earlier education at schools in Bridgewater, N.S. He graduated from Mount Allison University, Sackville, N.S., and was ordained in 1901.

Coming west in 1904, Mr. Richard held pastorates at Blackfald, Stettin, Macleod, Medicine Hat, Calgary, Edmonton and Wainwright. He retired from the active ministry at Wainwright in 1945 and moved to Edmonton.

The minister was prominent in boys work throughout the province and conducted boys camps for about 30 years. He also was active in athletic activities for boys.

Survivors include his widow and four sons, Dr. H. L. Richard of Edmonton and Frank H. Richard of Vancouver. Also three brothers and five grandchildren.

Funeral services will be held Thursday at 2:00 p.m. in Howard and McBride's funeral chapel. Rev. Wesley Bainbridge will officiate, assisted by Rev. Dr. G. H. Heuthe and Rev. McElroy Thompson.

—Edmonton Journal

1948 Mixed Bonspiel Real Success

J. Davidson and E. Gehring were the winning skips in the mixed spili. The mixed bonspiel for 1948 attracted a record entry of 45 rinks, which required two weeks of play before being wound up on Friday evening last. There being less ladies than men, the executive was hard pressed to make an equitable distribution of the players, but the ladies were well represented in the rinks which finally emerged as the winners.

There were many close and exciting games although the scores in the two finals were somewhat one-sided. Personnel of the winning rinks was as follows:

- Primary**
1st—J. Davidson (skip), Miss Sundberg, J. Morgan, E. Turnbull.
2nd—Dr. Wallace (skip), Mrs. Madill, J. Duffin, K. Kennedy.
3rd—Reid (skip), Maradan, Taylor, Mrs. White.
Secondary
1st—E. Gehring (skip), Mrs. McCluskey, Aykroyd, Bender.
2nd—A. Battray (skip), Miss Bond, R. Laflamme, Mrs. K. Tury.
3rd—R. Ganderton (skip), Berg, Crotaun and Mrs. Barritt.
4th—C. Thurmer (skip), Mrs. R. Ganderton, Robertson, Mrs. K. Penby.

Garey Thomas Arneson Dies In Edgerton

Garey Thomas Arneson passed away on Thursday 4th March. He was born on April 12th, 1949, at New Wainwright, B.C. The funeral was held at the Prospect Valley Cemetery on Saturday, March 6th, the service being held in the United Church at Edgerton. Rev. Steele officiating. The pallbearers were B. Gordon, B. Arneson, G. Dorland and R. Whitby.

Floral tributes from the following: In loving memory, Mother and Grandpa; John Arneson and family; Ole Arneson and family; Mary, Henry and daughters; Benny and Hazel; Marten Nyseth and family; The Dorland family; Gordon and Elva; Mr. and Mrs. J. Danielson and family; W. P. Gordon and family; Mrs. Brangorow and John; Ross and Hugh McGillivray; Garnet, Gladys and the boys; The O.K. Store; Ross, Butch, Irene and Stuart and families; Alice and Albert Tride and family; Donations to the Red Cross in remembrance; Thorp family and Harry; Alice Milford and Arthur.

Start X-Ray For Hospital Patients

R. W. Roane, Edmonton, president of the Alberta Tuberculosis Association announced today that the Association had presented \$15,000 to the Royal Alexandra Hospital, Edmonton, to help pay for miniature X-ray equipment bought for the purpose of X-raying chests of admissions, for discovery of unsuspected tuberculosis among the hospital population.

Dr. A. F. Anderson, superintendent of Royal Alex, reported on 2,348 routine chest X-rays, among which there were 2 cases of active tuberculosis, as well as a number of other abnormal conditions. Dr. Anderson said, "Routine chest X-ray of hospital admissions is helpful from a purely diagnostic standpoint, altogether apart from the finding of tuberculosis."

Holy Cross Hospital, Calgary, has agreed to X-ray admissions under a similar arrangement. Reports will be forthcoming later. In the meantime, the Association is prepared to conduct tests in a number of smaller hospitals in High River, Red Deer and Drumheller. Results of these tests will determine the extent of assistance rendered by the Association in future X-ray examination of hospital admissions.

Jean Rutherford Crowned Queen at W.H.S. Carnival

Despite weather conditions and bad roads, the Wainwright High School's third annual carnival was a huge success. The rink was filled to capacity Saturday night to see the large program.

This year saw the first carnival parade. The parade which was headed by Iverson's broadcasting system, started at the public school, proceeded down main street and back again. A colorful float which held the queen candidates was preceded by faithful supporters with skates, skis and sleds and a poster for the Queen of their choice.

Mayor Robinson officially opened the carnival with an appropriate speech.

The rink which was gaily lighted for the occasion, provided a colorful background for the evening's proceedings. This year brought out more costumes which made it very difficult for the judges to select a winner. The prizes went to the following: Junior Beesching, Beverly Mitchell, Joe May, Pat Harden, Gerald Harden and Raymond Cronin.

The races were won by: Estell La France, Simone Caron, Mary Wear.

Agricultural Service Bd. "SAVE THE SOIL" CAMPAIGN

To the Farmers of the M.D. of Wainwright, No. 61: It is the intention of the Agricultural Service Board to sponsor an Annual Competition among the farmers of the M.D. to be known as the "Save The Soil Campaign," commencing in 1948.

It is most evident to those of us who are actively engaged in or related to farming that weed encroachment and waning soil fertility have been all too rapid in recent years. Soil erosion is also with us. None of these conditions are self-adjusting and will, therefore, have to be remedied by us.

We are now prepared to accept applications from farmers operating one-quarter section farms or more. The farms this year will be judged by the attached score card. An invitation to enter this contest is extended particularly to all farmers with a bad weed problem or general unsatisfactory and run-down condition as to soil productivity on their farm.

Several generous cash and other prizes will be awarded each year, and, in addition, a Cup will be presented to the winner over all contestants. A special prize will be awarded the weediest farm entered in the campaign, and in succeeding years your farm will be judged on the degree of improvement over the previous year. The M.D. will be divided into four (4) (continued on page 4)

Rosewillow W.I.

The March meeting of the Rosewillow W.I. was held at the home of Mrs. H. Olson with ten members and one visitor present.

The minutes were read and adopted. The roll call was answered by various readings and recitations. This proved very interesting. Respective papers on love of country given by Mrs. Avison and Better Health given by Mrs. McEwen were enjoyed by all.

Everyone was very generous in their donations towards a food parcel and used clothing parcel making both very worthwhile.

It was agreed to have a sewing bee at Mrs. Goddard's on Thursday to complete the quilt. The objective for April is for baby clothing, both new and old.

Our chicken dinner is to be held at Black's on March 14.

Mrs. Olson then gave a musical concert which was won by Miss A. Dickson. Mrs. Hixon won the raffie.

The next meeting will be held at the home of Mrs. Dickson.

At the close of the meeting a lovely supper was served by Mrs. Olson assisted by Mrs. Goddard and Mrs. Hixon.

Fire Truck Called To Edgerton Monday Night

About 7:00 p.m. Monday evening, fire believed to have been caused by an explosion in the furnace, broke out in the basement of the Edgerton Co-Op Store.

A general alarm was sounded and soon a number of volunteer firemen were successful in subduing the blaze before it broke through the main floor. The Wainwright fire truck was called but the fire had been successfully quenched before it arrived.

Those who assisted deserve worthy praise, as had the fire spread it would have been disastrous to more than one building in the vicinity.

The New Queen

Pictured above is Miss Jean Rutherford, candidate for the Canadian Legion in the recent W.H.S. Carnival. She was crowned queen on Saturday evening, defeating three other candidates for the royal honor.

Proposed Rural Electrification of Wainwright Area

Electricity on the farms north of Wainwright by 1949 is the positive aim of an enthusiastic group of farmers of the district.

At a meeting called by Mr. H. Ruston, held at the Alberta Wheat Pool office on Saturday, March 6, at which Mr. Stevens and Mr. Madill represented the Calgary Power Co., the residents of the area decided to organize the North Wainwright Rural Electric Co-operative.

A Board consisting of the following directors was formed to proceed with the plan: Messrs. N. Strachan, H. Ruston, G. N. Boyd, E. N. Arthur, B. Aykroyd, Austin Kinghorn and W. Woodward.

At a Board meeting following the general meeting the directors elected Mr. N. Strachan as President, Mr. E. N. Arthur as Vice-President, Mr. H. Ruston as Secretary-Treasurer.

Mr. Stevens outlined the plan from the Company's point of view, answering the questions and explaining various technical details. With the urgent demand for rural power throughout the Province, the Company feels it can install the local unit by the fall of 1949 barring unforeseen difficulties by planning it now.

In setting up the initial organization, or in admitting subsequent subscribers, the general basis of equalized cost must be carried through. Hence a positive and thorough organization of the area will prevent needless extra cost in future installations. A map has been prepared as a tentative initial area to be served by this organization, for the purpose of arriving at the approximate costs to the individual farm user served. Final details will be worked out shortly.

Kenn Tury on accepting the position of Secretary expressed his interest in the project as Chairman of the Trade and Industry Committee of the Board of Trade, and offered every assistance for the project from that department.

This initial step towards electrical power in this area marks a worthwhile boost for the district, maintaining Wainwright in the class of progressive communities in Alberta.

Central Alberta towns have drawn very favorable comment from travelers who have been quick to notice the brightly lighted farm homes of that area. It also suggests the interest among farm people that will eventually bring full rural electrification to this Province.

—Con.

IN MEMORIAM

In memory of Walter Gray. Beyond the turn, where the roadway winds Thru the mist of far away The sun still shines its rays of hope Behind the clouds of gray. And through the misty shadows Where the light seems lost from view The thoughts of those who understand Remain to comfort you.

THE FAMILY.

In The Legislature

By Wm. Mason, M.L.A.
A Special Report of the Legislative Assembly set up at the last Session to study Workmen's Compensation, has been tabled in the Legislature. The proposed changes will provide benefits to injured workmen and their dependents. Widows' pensions and the dependents' benefits will be increased as well as the average amount paid to the injured workman. In all, the new benefits are expected to cost one-half million dollars more.

Work on the Pilot plant at MacMurray is progressing favorably. The purpose of this plant is to determine whether oil production can be expected from the tar sands in paying quantities. Alberta oil production is presently equal to Alberta requirements, but is only sufficient to meet one-third of the demands of the three Prairie Provinces.

Figures were given in the House last week to show that lumber production has been increased by more than 400% and railway tie production is up to 100%, as compared with 1935 figures. Considerable attention is being given to the possibility of pulp mills being established near Edmonton and Red Deer. The Department requires that they have sufficient finance and that there be sufficient timber to guarantee continuous operations, and that conservation practices be followed, either by selective cutting or reforestation, or both.

Shon, N. E. Tanner, Minister of Lands and Mines, pointed out that it was the Government's policy to encourage the development of oil and petroleum production in Alberta.

He stressed that the United States today drills more footage in one month than all the drilling that has been done in the Province of Alberta to date.

It is the policy of the Government to see that the people of the Province secure a fair return from the development of this resource. Royalties have been increased, until they today run to 18 1/2 percent, or some on a sliding scale to 15 percent. The Conservation Board, set up by this Government, exists for the purpose of preventing waste of gas and oil and to insure the greatest ultimate recovery of these products from the ground. It is recognized as the best conservation programme on the North American Continent.

To date, in this Province, more than 160 million dollars have been spent in the search, exploration and development of oil, while during that same period of time the amount re-

WAGES AND VALUES

In the world of today labor unions and such organizations seem to be banded together for the main objective of higher pay. This is a great period for consolidation of groups of the same vocational lines, because it is recognized that unorganized labor and services are quite powerless to make an impression. There are doubtless many other worthy objectives to which these unions and associated bodies are dedicated. They do speak of standards required before an applicant may become eligible for membership. But when it is all boiled down, the main purpose in consolidating strength seems to be for higher rates of pay. At least that is how it appears to the on-looker.

Now in the world of tomorrow there may be a new vision. These unions and associations may have achieved their monetary objectives, and may turn attention to an equally important issue. Are they giving value to the public for the price which they put upon their time and services. It will be a happier and a healthier day when workers in every class of society are as earnestly concerned with giving full value as with getting their fair remuneration.

It would not be fair nor true to suggest that the dominating purpose of today is to get as much as possible for as little service as possible. In the world of craftsmen and of the professions, there are many to whom monetary returns take second place. Their main thought is to do a masterly job. They work primarily for joy and pride in their task. No rise or fall in wages would affect the quality of their work.

But there are also many others who are without this high ideal of service. They have no inherent urge for any specific occupational line. They drift into one job or another for the money that is in it, and this is fully evident in their work. This unfortunate trend has perhaps been stimulated by the abnormal demand created in war years. In pre-war years there was all too little chance for the most able and earnest. But under labor shortage the pendulum has swung to an equally harmful other extreme, and there has been work for everyone, however careless or incapable he or she may be. Young people, entering trades or professions have not had to prove their fitness or ability. There has been plenty of demand for their services.

Under these unions, by whatever name they may be called, there is a trend to standardization of pay for all, regardless of individual aptitude or quality of labor. It would be a step ahead if discipline were exercised from within these unions, so that the inefficient would be weeded out. A certain standard of pay should guarantee, a positive standard of service. High pay should be only one half of the aim of the individual or the organization. The other half is quality of service.

Reprinted from the High River Times

THE CROSS OF MERCY

Nearly a century ago Red Cross was an idea in one man's mind. As a visitor from Switzerland, he stood on a battleground in Italy and saw the wounded, the dying and the dead left untended, like refuse on a playing field. His idea was Mercy—a mercy which would know no enemies, no national barriers, no racial or religious differences, a mercy which would work on behalf of suffering men, regardless of the uniform they wore.

Today Henri Dunant's idea embraces 65 nations of the world, bringing comfort and help to the suffering in war and peace alike and uniting men on a common ground of brotherhood, sympathy and kindness.

In Canada it would be difficult to find many persons today who do not know the Red Cross symbol and what it means. The Society's work for the improvement of health, the prevention of disease and the relief of suffering reaches out to citizens, old and new, into the largest cities and farthest frontier settlements, from Halifax to Victoria, from the 49th parallel to the North West Territories.

The Red Cross in all its aspects of national service has advanced a long way since the day of Henri Dunant. As each of the 65 Societies advance, so advances the Red Cross of the world. As they are strong, it is strong. And here at a time when uncertainty, discord in international affairs is mounting to perilous proportions, thinking men of every party and belief can meet in agreement, share in constructive good, in this great, humane and urgent mission.

The Canadian Red Cross appeal opened officially on Monday, March 1st, and the citizens of Wainwright and district are asked to get wholeheartedly behind the campaign for this worthy cause. When the canvasser calls give generously. Local headquarters are at the homes of Mrs. G. Graham, President, Phone 43 and Mrs. L. W. Smith, Secretary, Phone 75.

Today we ask you—Support the Red Cross. Make it strong. Canada—the world—has need of it.

by ottawa observer

World affairs captured the spotlight in Ottawa last week as the communist war continued and Czechoslovakia apparently lost its right for freedom. Observers did not fail to note that a substantial section of the socialist party joined with the communists to "take over" minority control of the government. This action also gave the communists complete control of the state police. All this was accomplished with a show of armed force that closely followed the Hitler technique.

There are those who claim that large numbers of people, perhaps a majority, have lost interest in the organization of United Nations and that therefore it is doomed to failure. The fate of Czechoslovakia, a country that has understood and practiced democracy, will surely remind us that the United Nations is our only hope of peace. For this reason the objectives of U.N. are worthy of the greatest persistence.

Trade and political parties

The debate on the government bill to conserve Canada's natural resources, shows the Progressive Conservative and the C.C.F. parties coming close together on trade policies. Both parties oppose closer trade relations with United States and favour closer economic ties with Great Britain. Some observers claim that the parties reach this common ground for very different reasons; the Progressive-Conservatives because of their traditional imperialist policies and the C.C.F. for ideological reasons now that Britain has a socialist government. They note that previous C.C.F. policy tended to be critical of everything British.

Economists realize that Canada's trade position must be that which will be in the best interests of the Canadian people. Nothing else is politically or economically possible and policies based on idealism of sentiment will break down if they do not take into account our geographical position and our economic realities.

Canada's long-range plan

While the restrictions against U.S. imports are debated in parliament the constructive long range policy has been somewhat obscured. The general idea is to restrict Canadian industry into products that can be sold on the U.S. market. No industries will be encouraged that have to depend on the present restrictions.

There are many sound ways to encourage Canadians to manufacture goods to sell in foreign markets. (1) Special research facilities can be given to promote new industrial ventures—where justified new roads can be built to assist in transportation. (2) Special tax adjustments can be made to encourage entry into new fields of production. (3) Adequate depreciation allowances can be made to encourage installation of new equipment for expansion. (4) Special permits can be given to import capital goods and machine tools that will promote the manufacture of goods for which a dollar market can be found.

Facts of Interest

Student Veterans
From last week's discussions in the House of Commons one learns that the Canadian government has arranged that each University set up a "Student Veterans Loan Board". This board has authority to lend money to students who find it necessary to obtain funds in addition to the student veterans allowance in order to continue their studies. From this board a student who requires it can borrow up to \$2000.

Regular Meeting Wainwright U.F.W.A.

The Wainwright U.F.W.A. held their regular monthly meeting at the home of Mrs. H. Driver on March 2. Owing to the condition of the roads several members were unable to attend. Three new members were enrolled.

The secretary was instructed to write to our M.L.A. asking him to support any legislation increasing grants to schools.

A motion was passed that we write the Provincial government, commending them on their action which makes it illegal to go on Daylight Saving time.

The following topics were discussed: "Pre-Marital Counsel," "Legal Status of Women," and "Exporting of Natural Gas." The bulletin on International Affairs and Immigration was read and discussed.

The next meeting is to be at the home of Mrs. Roth on April 6.

Constable Roy Berry tendered his resignation to the town council, the same to take effect on March 21st. Mr. Dan Murray, of the Health District, passed away at his home Wednesday.

Joe Rutledge Says

A GREEN LIGHT
FOR COMMUNISM

By Joseph Lester Rutledge

In one of his less familiar speeches Winston Churchill said: "Resisting tyranny is the duty of every citizen who wishes to live in a free country." We thought of that the other day as we leaped from under the wheels of a car that had made a sudden right turn as we followed our well-established right to cross an intersection with the green light. The sudden leap was not good for our blood pressure, the moral character of our thoughts, or our status as a citizen. We should probably have immortalized ourselves by standing our ground. Instead, we jumped back, saved our life and admitted to tyranny. And, brother, you are doing that every day of your life and to your own vast hurt as a citizen.

We submit that events that happen in every city at every hour and to all manner of people are not matters of small importance. They are determiners of ways of thought. You have seen people waiting for the traffic light, that their laws tell them mean safety, and you have seen how they have to wind up in and out among the smokes of cars that have blocked the pedestrian line, and whose drivers are impatiently waiting to jump the light. You have perhaps seen the fear and the hesitation and confusion and anger in the faces of your fellow walkers. But perhaps you have not stopped to think that these are not the emotions that make for good citizenship. In belittling the laws we have made for our own protection, we are suggesting to the pedestrian—and we are all pedestrians some of the time—that our protection are not proof against privilege, and that privilege is behind the wheel while the walker walks at his peril.

If you and I who drive cars and sometimes do these things thoughtlessly can be moved to anger when we see them done by others. If we who live comfortably and enjoy most of the advantages of citizenship can feel a blaze of fury as some driver makes a swift right or left turn and by terrorizing the pedestrians saves himself an unnecessary second or two, what of the man who has no car and no hopes of one? Enraptured and discontented, he is ripe already for some type of leadership that promises to level things out. What will be his reaction to the men behind the wheel who recklessly or thoughtlessly use the machine to tyrannize over him? If we want to continue to live in a free country we had better guard against the minor tyrannies that give arguments to misguided men.

Monday last, after a prevailing sickness, Rev. C. Mackay conducted both the church and graveside services. A large number gathered to pay their last respects to the deceased.

Rev. C. J. Mackay, minister in charge of the St. Andrews Presbyterian church has accepted a call to the Rupert St. Presbyterian Church in Edmonton and will be leaving the end of this month.

At the age of 64 years, Mr. William E. Perkins of the Hope Valley district passed away in the local hospital. Mr. Perkins settled in this district 32 years ago.

The splendid presentation of the comedy play "Aunt Tillie Goes To Town," was enthusiastically received by a large crowd in the Separate School Auditorium last week. The proceeds of the event were donated to the Canadian Red Cross.

PLAXTONVILLE

(Last week)

The Gilt Edge Ladies Welfare Club held their monthly meeting at the home of Mrs. W. Plaxton on Thursday afternoon. There were 15 members present and after the meeting a lovely lunch was served.

The Gilt Edge Sports Club held a meeting at the Plaxtonville school on Tuesday evening. There were only 13 members present so it was decided to hold the meeting next week.

The card party was held at the home of Mr. and Mrs. A. Dickout on Saturday evening. A large crowd attended. Ladies first prize was won by Mrs. Ted Goddard and second prize by Miss Alice Dickout. Men's first prize was won by Mr. W. Plaxton and second was won by Mr. Ted Goddard. The booby prizes were won by Mr. Ken Teeter and Miss Velma Dickout. Mrs. Joe Roberts has her mother Mrs. Gieselaus visiting her at present.

The card party was held on Saturday evening at the home of Mr. and Mrs. W. Plaxton. A good crowd attended in spite of the bad roads. Ladies first prize was won by Mrs. Ted Goddard and second prize by Mrs. W. Plaxton and men's first was won by Mr. E. Plaxton and second by Mr. Marvin Plaxton.

GILT EDGE

The W.M.S. meeting was postponed last week owing to the bad condition of the roads.

Mr. and Mrs. C. Fletcher drove over from Plaxton last week-end and visited with Mr. and Mrs. Jack McClellon and Mr. and Mrs. W. Plaxton.

Mrs. D. McClellon spent last Thursday visiting with Mrs. Bert Kitchen.

Word has been received from Rev. Dr. and Mrs. Stevens of Duncan, B.C. that Dr. Stevens is still enjoying very good health and still preaching at Duncan, although in his 90th year. He will be remembered by many, having been in charge of St. Andrew's (Pres.) Church, Wainwright, from 1899 to 1941 and organized the Gilt Edge branch of the church.

Mr. and Mrs. Chris Harris brought their daughter Donna into the Wainwright Clinic on Tuesday of last week but were able to return home with her again on Friday as she was much improved.

We were indeed sorry to hear of the serious illness of Mrs. G. Peacock who is ill in the hospital and we extend best wishes for a recovery soon. Mr. C. Helen is home again after spending a few days in town where he had a medical check-up.

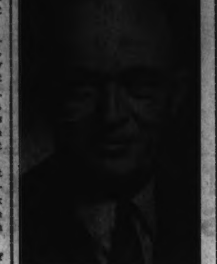

Mr. and Mrs. Lorne McClellon and family were over from Lloydminster to visit with relatives over the weekend.

Mr. Thomas Blason who has been

visiting with his cousin Mrs. Wood Plaxton left this week to visit with relatives in Edmonton.

Mr. and Mrs. D. McClellon and Mr. and Mrs. Leslie Beasley were dinner guests on Sunday at the home of Mr. and Mrs. Charles Beasley.

Stewart Wright C.C.F. Candidate

Compare the present policy of "selling out" the oil of the Alberta people for a meagre 12 1/2% royalty on production with the following positive C.C.F. policy.

1. A C.C.F. government will proceed as rapidly as circumstances will permit to assume complete public or co-operative ownership of all development of the natural resources of the province, except land used for agricultural purposes.
2. As steps toward the achievement of this objective, a C.C.F. government will take the following immediate steps:

(a) On every field where oil in productive quantities has been discovered, the government will reserve, or re-acquire, check-boarded areas at least equal in size to those leased to private individuals or corporations, to be developed by public ownership.

(b) Out of the revenue derived from the operation of publicly owned oil wells, there shall be set aside a reserve fund for the conduct of exploratory activities in the province.

(c) Whenever in the opinion of a C.C.F. government, reserves for exploratory purposes are sufficient to warrant such action, all exploration in the province will be limited to the government authority.

(d) Royalties now paid by private individuals or corporations on oil produced from Crown lands to be substantially increased.

The C.C.F. plans to gradually work towards putting the entire oil industry, including all phases except retail marketing outlets, on a public utility basis, with adequate compensation for present owners.

Inserted by—
Wainwright C.C.F. Constituency Association.

Before You Cry— "I've Nothing to Wear"

TRY OUR QUALITY CLEANING

For want of the refreshing care of quality cleaning, a closet full of clothes may get in such shape that their owner truthfully has "nothing to wear". Surprising though the good that can be regained with Quality Cleaning.

The oil you use in your tractor is your insurance against breakdowns, delays and costly repair bills. Using the right grade of the right oil will definitely keep down your cost per acre.

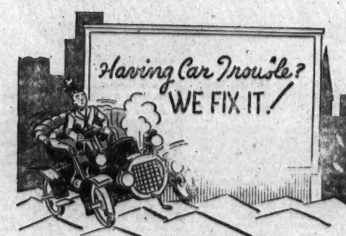

That is why we recommend MARVELUBE Motor Oil. It is recognized as Canada's leading motor oil—used in more farm machines and motor cars than any other oil you can buy.

Why take a chance on inferior quality when you can use the leader at no extra cost? Fill up with tough, long-lasting MARVELUBE and your engine will stay clean longer and free from damaging deposits. You'll save money in the long run by using MARVELUBE, Canada's favorite motor oil.

MARVELUBE

IMPERIAL OIL LIMITED

We fix your car—that's a promise! From wheel alignment to major repair work, we know your car, and can repair it. Now is the time to have your car checked for Spring driving. We can give your car better driving performance, cheaper driving cost to you, by completely overhauling it for the new driving season. Bring it in.

Human Interest Stories

By Douglas W. Smith
Public Relations Officer,
Canadian Legion, HBEL

Since the end of the Big Bang more than a million words and ten thousand sheets of developing paper have been used telling how Corporal Joe Mack has changed from a fighting foot into a domesticated diaper changer.

But in this man's world little attention has been centred on the transfiguration of Pte. Myrtle Malloy who since abandoning the khaki or blue regulation helmet has gone as batty as any of life's mysteries over the nightmare of some Paristen neurotic.

Brain probes and mystic-eyed psychologists claim the male veteran is almost a normal person again, and poor Myrtle was almost ready for a sane pass when the New Look put her back in the kindergarten.

From what I can see the girls seem to be doing O.K. for themselves between driving the check writers at the Dependents Allowance Board and taking over executive positions in the Legion, they aren't looking for any handout.

Not long ago I stood around in a tight little circle nibbling on olives stuck with toothpicks. The conversation was the usual from the United Nations to Lana Turner's kittenish ways when a new couple arrived.

Up to then, meadames and mesieurs had mingled freely, sporting their best dental displays at the appropriate moments. Then entered Pte. Myrtle.

All the men were veterans. It's hard to describe the evolution, but one minute it was a nice mixed gathering and then as if a quicksand was slowly drawing them in, the men were around Myrtle and the other women on the outside.

"Hey, Joe, Myrtle says she served overseas!"
"Yeah, well what 'y'know, where'd you serve, Myrtle?"
"Brighton."

"Brighton? Well, I'll be blowed. Remember the night at the George and Dragon when a VI struck nearby and the barmaid..."
"Ha, Ha, Ha, Ha."

Oh, yes, Myrtle was the kid alright until as at all times the women excuse themselves and liberate long-cue than a bear's dream in the powder room, I wonder how poor Myrtle fared there where the powder flurries can be more dangerous than any gunpowder.

At times I think of the many ex-service girls who married non-veterans. I have no doubt many of them are happily married. But again situations will arise that will not be exactly embarrassing but just a trifle difficult. As for example the wife who has to go to the Legion meetings alone.

There is no doubt in my mind that the man who has not served in the armed forces is at times conscious of it. In many unfortunate cases it was not his fault, but it will crop up in his lifetime for many years.

The youngsters of 1948 will be rambling through the old family photo album, up chirps little Willie. "Hey, here's a picture of mom when she served in the army, was pop in the army, too!" And still mom's rehabilitation will not be completed trying to explain to Willie why she served and pop did not.

Make no mistake about it, the women who served took a beating. They travelled a lot and had a lot of fun but they also did hard and dirty work under trying conditions. Some of them got married and others missed the boat due to their service.

I take my hat off to this gallant band of veterans even when they New Look by me like a half-draped colt bottle.

McCaferry & Browning

There is one generally unanimous opinion through all this part of the country, and other parts as well no doubt; that is the hope that this past week has seen the storm of the winter and the roads their worst blocking.

While there is a general interest in roads, there is certainly a particular interest and knowledge of them by the rural mail driver. Possibly all do not realize that our most efficient and kindly mail driver, Dave Trimmer, is now on his quarter century of service on the South Edgerton route—the north ones coming later at different times. Different members of the family have been pressed into service but latterly his son Gene is the more frequent substitute and all maintain the same standard of service and kindness to those on the route. What a record of local and world history he has carried, how many kindnesses he has shown during these congratulations and appreciation.

Several from these parts were in Wainwright on Thursday attending the meeting regarding the purchase of the Western Hills and Park land. Doreen Guy has gone to Edmonton to give a visit to her aunt Mrs. Wes. Parker.

Henry Spencer is in Edmonton attending meetings in connection with his work as School Trustee.

Wednesday evening made for a pleasant time at Browning School where a meeting of the Community Club took place.

Mr. and Mrs. Harry Rice are being congratulated on the news of the arrival of another granddaughter. Mr. and Mrs. Brian Rice of Edmonton having a daughter, Judy Sharon.

McCaferry people are very busy preparing for a play which will be staged sometime in March. Judging from the cast, it should be well worth seeing.

Canadian Garden Service

Here's a Real Hobby
In these uncertain times lucky indeed is the man or woman with a garden. Threats of sky-high vegetable prices next fall and winter won't scare these people. They can grow and store their own, in addition to a steady supply, fresh and right out of the garden from June on.

But that is only one advantage. As a hobby, recreation, exercise or whatever you call it, gardening ranks at the top of the list. It is inexpensive—few dollars will buy all the seeds, tools and fertilizer necessary. It is elastic—one can spend as much or as little time and energy as one likes or the doctor advises. It takes one outdoors into the sunshine, lets us follow the natural spring urge of digging in the soil and, finally, gardening gives satisfaction that comes only from creating something with our own hands. With a few tiny seeds and plants one can produce a flower garden that is as individual as a painting.

Common Mistakes
Commonest mistakes of new gardeners is to plant too close together, whether it is lettuce seed or maple trees. This is not only a waste of seed or nursery stock, but it also encourages weak or poor growth. With shrubs and trees, the result is a bit of a jungle with far too much shade about the house and spindly growth that is liable to fall a prey to heavy storms. With annual flowers and vegetables, proper development is impossible, the vegetables are liable to be stringy and tough, the flowers bunched so closely together that they will not bloom properly.

Generally speaking all plants require at least half as much space between them as they are high at maturity. With big trees this means 20 to 40 feet, with carrots it means only about 2 inches, with corn or stalked tomatoes 18 inches. On the seed packet it will be given the proper spacing.

With bigger seed like beans, peas, corn, etc., spacing will be easy, but it is much more difficult with the fine seeds of carrot, lettuce or alfalfa. Such things can't be spread more evenly by mixing with a little dry sand and sowing the mixture. In any case, no matter how carefully we sow some later thinning as the plants develop will be advisable.

Proper depth in planting is also important. The rule here is about three times the diameter of the seed. With tiny seeds like poppies, alfalfa or turnips this means merely pressing the seeds in the soil, with big things like gladioli, bulbs, potatoes and dahlias it means from 4 to 8 inches, with beans, etc., about an inch of cover.

While the frost is in the ground, of course, gardening will be largely confined to planning, but there are some outdoor jobs that can be started almost any time. One of the first will be lawn repairs or the starting of new ones. Grass seed makes its best growth in cool weather, in fact it must be sown just as soon as the soil can be worked. Sweet peas also must go in early for best results. They need to develop their deep growth before the soil gets warm. If a hot-bed is attempted one should get a government bulletin on how to build it.

ASCOT

Saturday morning the prospects of everyone being snow bound for several days seemed to be a certainty. Shortly after noon however Stanley Vallee came out with the bulldozer and before long most people were taking advantage of the clear roads. Now the cars travel on solid footing but between banks as high as they are.

The meeting of the Grazing Association on Thursday was well attended by men from Ascot. No definite decision was reached however on leasing the "Buffalo Park Reserve" as a community pasture.

Thirteen people gathered at Mr. and Mrs. G. Jackson's home Monday evening for Farm Forum. Discussion was on the topic "What the Machine has done for us." It was the general opinion that it paid to use power machinery rather than horsepower and manpower. The large machines not already available and which are most urgently needed are weed sprayers and pick-up balers. These should be made available for use by either the government or the municipality. The hostess served lunch and a social hour was spent over the coffee cups. Next week the meeting will be held at Harrison's if the roads are open there otherwise it will be at Vallee's.

The people of this community would like to pass along a word of warning to the parents of children who play on second avenue east. This is one of the main highways into town and there must be hundreds of cars travel daily. Recently several dogs have been killed in town, but how, more tragic would it be if one of these small children should be injured. Children dart out from nowhere it seems and now with frosted windshields it is sometimes difficult for

the driver to see on all sides at once, and did a good job of digging us out, even though he exercised the utmost care. Parents please take this in the friendly spirit which it is given so that we might better help you to protect your children.

WHITE CLOUD

We are sorry to hear that Mrs. Allan Roberts has been ill and hope the next report is better.
The snow plow was up our road last.

Symbol of PROSPERITY

There could be no finer symbol of prosperity than a full field of Alberta grain. Provincial Treasury Branches, too, contribute to Alberta's prosperity. Indeed, judicious Treasury Branch loans make many farming operations possible. Treasury Branches and Treasury Branch Agents add to the prosperity of us all. Learn about Treasury Branch services today—IT'S A GOOD IDEA!

FABYAN

The Military whist drive and dance held in Crescent Hill School on Friday was sponsored by the Good Time Club and a very good time was had by all. Prize winners at cards were: Gents 1st, Lloyd Glover, 2nd, Clifford Wainfield, Ladies 1st, Charles Wainfield and 2nd, Bill Headon. Both playing as ladies). Consolation prizes went to 1st, Mr. and Mrs. Clark Steele, 2nd, Clark Steele Jr. and Joy Ringer. A welcome is extended to attend these friendly gatherings.

After spending the winter months at the coast Mr. Leo LaPalme returned home from Vancouver on Friday of last week.

Mrs. Kenneth Kenny was a visitor in Edmonton last week and was accompanied by her brother, Mr. Harold Craig, also Mrs. B. Craig, Miss Lillian Craig and Mr. and Mrs. Albert Craig. We extend congratulations to Mr. and Mrs. E. Panagoyan, (nee Rose Vorse) on the birth of a baby girl, recently in the Wainwright hospital. Congratulations are extended to Mr. and Mrs. Ray Thomson on the birth of a "bouncing baby boy."

While driving into Fabyan last Friday Tommy Bacon, accompanied by Mrs. P. Vorse ran into snow drifts too deep for the horses to get through so had to hitch the horses to the rear of the sleigh and pull it backwards and then detour through a field where it was a little lighter.

Mr. and Mrs. Parsons formerly of Vancouver have purchased the Tom Shaw farm and getting nicely settled in their new home now. We extend a welcome to these newcomers to the district.

Time Out For
Laughs.

A father and his daughter were held up by a masked bandit while driving the family nag to town. The father, barely had time to whisper to his frightened daughter: "Hide your diamond bracelet in your mouth."

The bandit took everything he could find and drove off in their gig, but he didn't find the bracelet. When he was out of sight the farmer observed: "It's too bad we didn't bring Mamma. We could have saved the horse and buggy."

In the middle of the depression, the owner of a big shoe factory was summoned by the vice president of the local bank. "About that loan of two hundred thousand," began the banker.

"The manufacturer interrupted. "Mr. Smith, what do you know about the shoe business?" he asked.

"Frankly, nothing," said the banker, distinctly nettled.

"Better learn it fast, brother," said the manufacturer. "You're in it."

FOR SALE

1 Johnson "Iron Horse" Engine 1 1/3 h.p.
1 Ton "A.A." Ford Truck recently overhauled.
Many other second hand Cars.

One day at a baptism service a couple were having some difficulty in quieting their infant son. The baby yelled so lustily that the parents were scowled with embarrassment. In an effort to put the couple at ease, the pastor beamed at the congregation as he happily remarked: "And the baptism of this little baby gives me great pleasure—it was such a very short time ago I married his parents!"

A would-be Broadway producer, operating on a shoe string, was interviewing applicants for the heroine's part. One girl delighted him. "You're just what the doctor ordered!" he told her. "Right face, right coloring, right voice everything called for in the part. By the way, what's your salary?"

"\$600 a week," said the girl.

"Sorry," snapped the producer. "You're too tall."

Travelling Service Garage
Phone 72 ... Wainwright
Chas. Macchell, Prop.

EDGERTON

The free picture show tickets were won by Mrs. S. Young, Elsie Pugh, Betty Castle, and R. G. Walsh. These tickets were donated by Art Pierce of the Edgerton Bakery and Coffee Shop. The lucky winners are requested to drop in and pick up their tickets. The ball box is at Steele's Sales and Service this week.

The Red Cross drive is now on and it would save the canvassers a lot of travelling if the people would leave their donations at the Central Office. The Edgerton Curling Club are putting on a Farmers Bonspiel this week-end, the 12th and 13th. Entries should be in the hands of Jim Strayer on or before Thursday the 11th. Several prizes are being offered so come on fellows and enjoy yourself curling a few games.

Miss Lydia Miller, sister of Mrs. Spornitz Sr. who has been visiting here for some time, returned to her home in Minneapolis. Lea Johnson returned home last week after having been in the Wainwright hospital with pneumonia.

Don't forget the play and dance being held in the Memorial Hall on Wednesday evening, March 10th.

Worthy Darling and a friend are down from Edmonton visiting with his parents.

The Village Council are to be congratulated upon having the snow removed from the streets thus enabling the people to get around to do their shopping more easily.

Loyle Alwood of the Browning district is convalescing at the home of his sister, Mrs. Roy Evans, after having spent a week in the Wainwright hospital.

Last week four Edgerton High School girls went to the Chauvin Ladies Bonspiel, namely Mary Wilson (skip), Joan Kingston, Edith Hallett and Joan Spornitz. These girls sure must have what it takes to curl as they won the Grand Challenge event. Congratulations girls. Earl Hallett kindly provided the transportation.

RECEIVED The Picture Show Committee of the Edgerton Legion announce that they will have the Joe Louis vs. Walcott fight pictures here for showing on April the 16th and 17.

The Legion are sponsoring a dance in the hall on March 17th. This will be a novelty dance and a five piece orchestra will be in attendance.

McCafferty & Browning

We hope for the sake of those who will be living here for the years to come that this will be remembered as the year with the great amount of snow and the roads were their worst. It would be interesting to know how many shovels of snow have been lifted this past week.

Loyle Alwood is a patient in the Wainwright hospital these days. Although in the Provost Hospital's district, it was impossible to reach it and not altogether a pleasure jaunt to the former with the patient suffering from a very badly bruised leg which was feared broken. The trip entailed going part way by sleigh then in a car with an engine assisting and later on to the government highway.

Another accident occurred the same day and a horse featured in that as well. Fortunately it was not so severe and Richard Enstrom came off with a lame shoulder.

Mrs. Pat Mahoney and Mrs. Lance Jackson have been on the sick list but we are glad to report both are better.

CONTINUATION OF
AGRICULTURAL SERVICE BO
Continued from Page 3

ones with a separate competition for each one. The winner from each one will then compete for the Cup in the Grand Challenge.

Winner of the Challenge Cup for the best farm can not hold the prize for two years in succession. The second year this farmer would have to compete in the improvement competition, and would be eligible for the best farm competition in the third year. The Challenge Cup can only be held every other year by the same farmer.

Farmers are invited to enter NOW, sending their applications to: F. W. MADDEX, Field Supervisor, Agricultural Service Board, M.D. of Wainwright, No. 61, Wainwright, Alberta. No entry fee. Entries close June 15th 1948.

"They couldn't walk like other children"

It was a great day at Last Bend when they bundled the little girl with the twisted legs into the waiting plane.

Few people came to Last Bend. Few leave. On the map the place isn't even marked. Dotted lines indicate the river course—sinuous as the lives of the crippled children whose poverty-stricken parents owned the two-room shack.

Margaret had been born up there in the bush, about 400 miles south of the Yukon border. It is a tough country, even for hard-bitten woodmen and trappers. It demands strength and stamina. Margaret had neither. Instead, she had congenitally-deformed hips.

Only fourteen... and helpless! A doctor, explaining matters in lay terms, would have said that they were out of joint—the femurs parted from the sockets. Margaret never knew that she couldn't walk like other children. Her feet turned outwards at right angles. She moved haltingly, fearfully, as if she were very old. But Margaret was just fourteen.

She had been ten when Jean arrived—the little sister of the dark solemn eyes, the quick intelligence.

But a little sister born, like Margaret, with cruelly-dislocated hips. A school teacher came to Last Bend. Margaret learned something, then, of the world beyond the bush; heard whispered references to hospitals for crippled children. But, of course, her case was hopeless. It always had been.

Into another life.

Yet it happened. The plight of Margaret and Jean came to the attention of the Red Cross. One morning a plane landed at Last Bend. Now—in friendly words among cheerful, helpful children, Margaret and Jean are being treated and schooled. Already Jean is walking better—much to hope of an operation. Her limbs will not be conspicuous—not for her the life of an "ugly duckling."

For Margaret, too, a brighter future beckons—after an uphill fight. Age makes a difference. And 14 years is a long, long time... at Last Bend.

When you are asked to "help support the Red Cross", remember: It is to such hospitals and other Red Cross services for the relief of suffering, that your money will go.

Red Cross Services include: Blood Transfusion, Out-pat, Hospitals, Aid to Sick and Disabled Veterans, Treatment for Crippled Children, Disaster Relief, Nutrition Service, Home Nursing Courses, Swimming and Water Safety, etc.

The work of mercy never ends... Give generously to the CANADIAN RED CROSS

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. K. Goodwin of Irma at the Wainwright municipal hospital on March 2nd, a boy.

BORN—To Mr. and Mrs. Fred Horn of Wainwright at the Wainwright municipal hospital on March 8th, a girl.

MARCH 29th—Keep this date open for the annual Vimy dance to be sponsored by the Worthington Branch of the Canadian Legion.

Mrs. F. E. McLeod returned home on Saturday after spending several days in Edmonton last week on business.

Mr. and Mrs. L. W. Smith enjoyed visits over the week-end from their daughter, Audrey, and their son Fred who are attending University and College in Edmonton.

Mrs. Lally is leaving shortly for the east where she will meet her daughter, Joyce, following which the two plan to spend a vacation in California with relatives.

Mr. and Mrs. Frank Ashe spent the week-end visiting Mrs. Ashe's parents in Viking. Mrs. Ashe is staying over for a week while her mother makes a trip to Calgary.

Miss Bada Nordstrom of Edmonton spent the week-end in town visiting with her parents.

Mr. and Mrs. J. E. Dick and children, accompanied by Miss Frances Carroll, spent the week-end visiting with relatives in Vermilion.

Mr. and Mrs. Jack Peacock and son, Brian, returned home on Saturday last from Seebe, Alberta, where Jack has been employed.

GREENSHIELDS

Friends of Rev. A. D. Richard former pastor of Wainwright United Church, will be sorry to learn of his death March 1st at his home in Edmonton. The sympathy of this community is extended to Mrs. Richard and family.

Mrs. S. Rajotte was very ill and taken to Wainwright hospital last week. We hope she will be recovered and home again soon.

Baby Lyl Rosch has also been a hospital patient since Thursday last, due to pneumonia. We wish him a speedy recovery.

Congratulations to A. E. Reed who shipped his rink to win third prize in the Major event of the mixed bonspiel last week. He was aided by Mrs. White, Dan Taylor and Mr. Marsden.

Miss M. Spak spent the week-end with friends in the Sydenham district and due to drifted roads could not return for school until Monday noon via train.

A regular meeting of the United Church Ladies Aid will be held at the Morrison home March 11th. All members, and other ladies interested are invited to attend.

A baggage coach derailment on a west bound flyer Monday morning near the Patterson farm held up transportation an hour or so.

A snow glow will be a welcome sight again when it works through the drifts in this district.

VOICE OF RADIO

The radio industry is growing tremendously. In fact, it is growing so rapidly that the technical and commercial progress has far outstripped the "public relations" aspect. In other words, we in radio have been so busy "going places" that we have forgotten to tell the public where we're going and why. We have allowed the listening public to take radio so much for granted that now the industry is bombarded with adverse criticism—a form of criticism that stems only from the misinformed or those inadequately informed.

We in radio are to blame. We just haven't told our listeners enough about ourselves. CJCA has taken very concrete steps to remedy this situation, locally at least. Commencing Monday, March 8, The Voice of Radio will pay a visit to every radio home tuned to CJCA. "The Voice" will be a very warm friendly chat with the audience, telling them in a very "cozy" manner something of what radio means to them—how radio came to be—why it is so indispensable—and who and what makes radio "click". CJCA is very optimistic about the job The Voice of Radio will do not only for CJCA but for the industry as a whole.

Plans Made For Spring Fashion Show

Spring is just around the corner. In spite of the weather The Fashion Show and N.C. Club are convinced of this and are making preparations for their Spring Fashion Show to be held Wednesday, March 24th, afternoon and evening in the Separate School Auditorium.

The sharp change in Fashion's trend should make the Spring Show a real event. Of course in addition to a "new look" at the styles, much will be served both afternoon and evening.

SPECIAL RATES TO CALGARY FOR STOCK SHOW

One way fare and one third for the round trip is the special rate offered for those attending the annual spring stock show at Calgary, March 15 to 19, it is announced by W. G. Connolly, general passenger agent, Canadian National Railway.

The low fare will apply from all stations in Alberta. Tickets will be on sale from March 13 to 16 and on March 19 for trains arriving in Calgary not later than 1:30 p.m. Returning tickets will be good to leave destination up to midnight of March 20. If there is no train service on March 20, tickets will be honored on the first available train.

Attention Farmers

The vote on amalgamation of the United Farmers of Alberta and the Alberta Farmers Union will be held on **SATURDAY, MARCH 13, 1948** in the **WHEAT POOL OFFICE** from 1:30 to 6:00 p.m. If you are not a member join and vote on this important issue.

The World of Wheat

"MONTCAIM HARLEY"
 There has been, during this past year, a great deal of confusion about "Montcaim" barley. Laboratory tests both in the U.S.A. and Canada, were highly favourable to this variety. American seed houses have purchased very large quantities at high prices from Canadian seed growers. A short time ago, however, one or two statements were made in the United States that perhaps "Montcaim" might after all not be suitable for the American milling trade. This had a most adverse effect on the sales of "Montcaim" barley by American seed houses to U.S.A. farmers, and a number of American seed houses promptly cancelled orders from Canada. To clear up the situation a special committee of people interested both in the United States and Canada have chosen a carload of typical "Montcaim" which will be sent to Milwaukee to be made into malt. The malt will then be handed out to a number of the leading American Brewing Companies who will brew beer, and who will then give a decision as to whether malt made from "Montcaim" barley is acceptable to American brewers or not. It would appear then that in a few months some authoritative statement will be available as to whether the variety "Montcaim" is suitable or not for the American trade.

ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

In the Western zone of Germany this season winter wheat acreage is now placed at 1,697,000 acres, compared with 1,548,000 acres planted a year ago. The rye acreage also shows a slight decrease, with this year's plantings placed at 3,038,000 acres against 3,076,000 acres planted a year ago.

Egypt is now seeking a Trade Agreement with Russia, offering to exchange cotton for some 333,000 bushels of Russian wheat, and undisclosed quantities of oil and timber.

Czechoslovakia recently received 428,400 bushels of rye from Canada, and some 66,000 bushels of seed wheat from Canada are expected to arrive in time for spring seeding. Czechoslovakia also expects to receive some 660,000 bushels of seed wheat from Russia.

Comedian

Bob Hope, radio and film comedian, whose rapid-fire wit and exuberant spirits are featured on the "Bob Hope Show", Tuesday at 8:00 p.m. MST over the CBC Dominion network. Successfully as a clerk, boxer, journalist and tap-dancer before he broke into vaudeville with "Patty" Arbuckle, Hope made his Broadway debut in "Roberta" in 1933. By 1934 he had his own radio show and had appeared in his first movie. Now he divides his time between radio, films and entertainment tours.

Popular Tenor

Donald Dame, whose tenor voice is heard regularly on the "Album of Familiar Music" Sundays at 7:30 p.m. MST, on the CBC Trans-Canada network. Now widely known for his opera, concert and radio performances, he is aspired to an operatic career while still a youngster. When the Metropolitan Opera played its an-

real engagements in his home city, for him when he made his own "Met" Cleveland, Donald Dame was always debut—as a singer—there! His first there—being mental jobs around the singing roles with the company was auditorium. So it was a happy day 1943 in "Mignon."

They're here! the NEW IMPROVED

1948 FAIRVIEW WEED-COP Sprayers

and Fairview Weed-Cop 2,4-D!

Built in Western Canada for Western Conditions!

Two Models

Tractor Model

Trailer Model

These two new, improved sprayers, bearing the famous FAIRVIEW name, will enable you, at low cost, to grow weed-free cereal and flax crops. You will appreciate the improvements over previous models. See these new and better sprayers at your nearest dealer, The Trade Name, "WEED-COP 2, 4-D" covers the field in both Amine and Ester formulations. Just the same as the new 1948 WEED-COP 2, 4-D SPRAYERS cover the field in efficient economical operation.

WEED-COP Tractor Models are priced so low that the small scale farmer can now undertake a weed control program on an equal footing with the large operator.

WEED-COP 2, 4-D SPRAYERS are custom built to our own specifications in Western Canada, to meet Western conditions.

Check These Points:

FAIRVIEW WEED-COP 2, 4-D in Amine and Ester formulations. SCOW TYPE SPRAYERS trailer or tractor type. Low pressure atomizing nozzles deliver approximately four gallons of dilute solution per acre! FAIRVIEW'S technical advice at no cost or obligation.

In The Legislature

By Wm. McLean
The second week of the session saw a continuation of the debate on the Speech from the Throne, with many Members on both sides of the House taking part.

Hon. C. B. Gerhart, Minister of Municipal Affairs, indicated that the Alberta Government will prepare a City Act which will cover all Alberta cities and replace the existing seven City Charters, all of which are different. This will provide uniformity of city charters for Alberta cities. The Departments of the Attorney General and Municipal Affairs, assisted by the cities involved, will prepare the legislation. Mr. Gerhart indicated that the cities today have wealth 8 million dollars in excess of what their assets were a year ago. At the same time, the city expenditures in dollars have been higher than in the past, and the actual rate of taxation has been lowered in some cases, and there has been no substantial rise in any city of Alberta. The old rates on new wealth still provide sufficient money to cover all of the costs. The city centres of largest population have been denied hospitalization at a dollar-a-day rate. During the same period of time, in the rural municipalities, the rate of our taxation has exceeded the rate of increase in new wealth. The rate of taxation in the rural municipalities has kept an upward pace with the rising cost of living while it has provided municipal hospitalization. City residents are still paying hospital deficits through taxation, and yet do not get the benefits of a dollar-a-day hospitalization. The Government urges city taxpayers to request a plebiscite in which they can indicate their desire to have municipal hospital rates in Alberta cities.

Many Members, including H. E. DeBolt and Gordon Taylor, urged the keeping of natural gas in Alberta and inviting industry to come to Alberta to use it. An enquiry will be made by the Government into the

matter of supply and needs for the purpose of seeing that the supply is always adequate to meet the provincial needs.

Mr. Tra McLaughlin contended that an austerity programme was not linked to prosperity and that "restless and work more" was not a desirable slogan for Canadian people.

A motion was introduced into the House from the Opposition side, requesting a branch of the University of Alberta to be established at Calgary—this motion was defeated. The request was turned down by the Government because the present costs of the University of Alberta have reached such a high figure that present circumstances do not warrant increasing this expenditure by the consideration of another branch of the University. It was felt that the future will hold the need for such a branch, but that we have, for the present, reached the peak of enrolment at the University. When conditions reach normal the Government is prepared to consider the Calgary branch on its own merits. It is felt that the Province is better to have one superior University than two poorer ones.

Figures were given in the House that more than 22,000 miles of road were graded or gravelled or had other work done on them on the main highways of Alberta last year. There has been 182 miles of work done on the Grimsby road since last session, and more than 4,400 miles of "highways" have been maintained. Two hundred and thirty bridges, wood and steel, have been built or repaired, including the new bridge at Red Deer. The Government contributed, during that time, nearly two million dollars to Municipalities and Local Improvement Districts, where more than 10,000 miles of road work have been done in the past year.

Debate also brought out that the number of wells producing oil in Alberta in 1936 was 100; today it is 484. The number of wells producing gas in 1935 was 84, and today it is 235.

The Department of Lands and Mines was urged to lend every assistance in the establishment of pulp mills in this Province, and the House testified, Provincial Sanitary Inspector, that this matter was being given every assistance.

OVER A MILLION CANADIANS
WILL RECEIVE AN AVERAGE OF ...
\$45.00

Yes, the average cheque to 1,329,139 Canadians for 1942 Compulsory Savings Refunds will amount to 45 dollars. If you have a refund coming to you, it can mean extra spending money right now or it can provide extra savings for the future. But the very fact that you have done without it, makes this the easiest type of money to save.

Why not put your refund cheque away in a savings account at the B of M? There it will keep on gathering interest. It will be something you will be glad to have to meet tomorrow's opportunities or needs.

1942 Compulsory Savings Refund cheques will be mailed out in mid-March and dated March 31st. But the B of M and all other chartered banks in Canada have been authorized to cash refund cheques any time from the date of receipt.

CONTINUATION OF TOWN COUNCIL AFFAIRS 1948 STANDING COMMITTEES

Continued from Page 1

out their several duties until such other Committees may be formed.

We recommend that the Standing Committees of Council for the year 1948, be constituted as follows:

- Finance and Airport: Councillor Coleman, Buckle and Armishaw
Public Works: Councillors Tery, Stafford and Coleman
Fire, Light and Utilities: Councillors Buckle, Tery and Wallace
Property and Assessment: Councillors Stafford, Wallace and Buckle
Public Health: Councillors Wallace, Armishaw and Tery
By-Laws, Parks, Cemetery and Auto-Camp: Councillors Armishaw, Coleman and Stafford
Police: The Mayor and Chairman of the various standing committees.
The Mayor to be ex-officio member of all committees.
All of which is respectfully submitted.

L. C. TORY, Chairman

On motion of Councillor Stafford, that the communication received from Mr. A. A. Stonhouse, dated February 18th, advising Council of the completion of Assessment of the Town of Wainwright, be received and filed.

On motion of Councillor Coleman, that letter from Mr. Gordon Graham, Secretary, Treasurer, Wainwright Municipal Hospital District, No. 17, dated February 18th, advising Council that the 1948 Regulation on the Town of Wainwright from the Hospital District, to be in the sum of \$7204.47, be received, and that this amount be ordered paid in equal quarterly instalments.

On motion of Councillor Stafford, that the application of Mrs. Anna Dahl of Wainwright, to purchase Lot 7 in Block 34, Plan 6445-V, for the sum of \$27.50, be accepted by Council pending the passing of the necessary by-law.

On motion of Councillor Wallace, that the Report of the Medical Officer of Health for the year 1947, together with letter from Mr. J. Butland in this Province, and the House, Provincial Sanitary Inspector, be received and placed on file, and that access be given to the Local

Board of Health for further perusal of these documents so that a Report on same may be brought forward by the Board at an early date. On motion of Councillor Buckle, continued on page 1

The Faith Of A Family Endures

To enjoy the good in daily lives, the family group has learned the worth of spiritual values and how to benefit by them. Religion and family go hand in hand through life, as each must practise love and co-operation, and each is bound together by ties that are more than earthly.

To get the most out of life, bring your family to the church of your faith regularly. Your service there is a service to mankind, and the lessons you learn there will benefit your fellow men and women.

What's the Good of UNEMPLOYMENT INSURANCE?

\$87,500,000 was paid from the Unemployment Insurance fund to unemployed Canadians from September 1, 1945, to October 31, 1947.

\$31,000,000 was contributed to this fund by the Government of Canada.

500,000 individual unemployed workers and their dependants benefited from these payments.

In many cases had payments not been available the unemployed would have suffered want!

What's the good of Unemployment Insurance?—Can there be any doubt!

Unemployment Insurance helps the employer by providing unemployed with purchasing power; and helps the worker by providing maintenance allowances during unemployment. Employer and Employee and the Government all have an interest—Unemployment Insurance is a large factor in a healthy National Economy.

Make full use of your local office of the National Employment Service.

CONTINUATION OF**IN THIS LEGISLATURE**

Continued from Page 1

used from the industry is ten million dollars less, or approximately 365 million dollars. During that same period of time the Alberta Government has received, by way of royalties, upwards of 16 million dollars.

In the field of forest conservation an Eastern Rockies Conservation Board has been set up, and the Dominion Government has agreed to grant six million dollars for capital expenditures and up to \$200,000.00 for administration. This programme is important in the interests of forest, fish, fur, game and water supplies.

The question of establishing a branch of the University of Alberta at Calgary was considered in the House and turned down.

CARD OF THANKS

The Members of the B.F.O.B. wish to extend a vote of thanks to Miss Jean McNally who represented their organization in the competition for Carnival Queen at the W.H.S. Ice-quake held last Saturday.

COMING EVENTS

The Catholic Ladies Aid will sponsor a St. Patrick's Day dance in the Separate School Auditorium on Wednesday, March 17th. Spot dances. Admission—50¢; lunch included. (10-3)

The St. Andrew's (Pres.) Ladies Aid will hold their Annual St. Patrick's Day afternoon tea and home cooking sale in the L.O.O.F. Hall from 3:00 to 8:00 on Saturday, March 13. (10-3)

Sale of Farm Property**By Tender**

In order to close out an estate sealed tenders will be received for the purchase of the E1/2 of Sec. 28 Township 44, Range 6, West of 4th Meridian in the Province of Alberta, reserving unto the C.P.R. all coal.

The property will be offered for sale on the basis of the purchaser assuming all current taxes.

Tender must be enclosed in a sealed envelope, marked "Tender re McDermott Estate", addressed to Mr. J. A. MacKenzie, K.C. Barrister and Solicitor, Wainwright, Alberta and must be in Mr. MacKenzie's hands not later than 4 o'clock in the afternoon of the 31st day of March A.D. 1948.

Terms of Sale: Each tender shall be accompanied by a marked cheque or cash for 10% of the amount of the tender and 10% of the balance of the purchase price shall be paid (unless the time is otherwise extended within sixty days after the acceptance of the tender) without interest.

The deposit of 10% shall be forfeited by the unsuccessful tenderer if he refuses to carry out the purchase after acceptance of his tender. Cheques of unsuccessful tenderers shall be returned to them immediately after rejection thereof.

The highest or any tender not necessarily accepted.

For further particulars apply to J. A. MacKenzie, Barrister and Solicitor, Wainwright, Alberta. Dated at Wainwright this 1st day of March, 1948. (17-3)

Tile Floors are ATTRACTIVE

Many colorful patterns can be worked out with floor tile. You will be the judge of your color scheme. This is not the case with other floor covering.

So sanitary and easy to keep clean, will outwear many linoleums. For estimate and information contact—

Wainwright Roofing & Flooring Service

Branch of Wainwright Construction Co.

The RCAF offers everything a young man wants!

You'll learn about the operation of modern aircraft and technical equipment. You'll make friends... master a valuable trade under the guidance of experts. And while you're still young enough to enjoy it, you'll be able to retire on pension for the rest of your life.

You need no previous experience or special training. And you draw full pay from the start. You'll have a chance to see Canada... perhaps take part in thrilling and important exercises such as northern transport flights or summer photographic surveys. It's a job in which you can take pleasure and pride.

YOU GET ALL THESE in the RCAF

- Continuous employment and pay.
- Technical trades training.
- Full opportunity for advancement.
- Progressive pay increases.
- Sports and recreational facilities.
- 30 days vacation a year with full pay.
- Medical, dental and clothing services provided.
- Retirement income assured.

Join the RCAF today!
